Tokyo Metropolitan SME Support Center supports the overseas sales promotion of this product.
Tokyo Metropolitan SME Support Center is founded by Tokyo Metropolitan Government to assist SME in Tokyo.

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
1	TBM Co., Ltd	NEW LIMEX Pellet LIMEX Sheet	Manufacturing	R5-045	Low Impact Material for Earth LIMEX is an innovative new material mainly made of limestone, which can replace plastic and paper. LIMEX can reduce GHG emissions and plastic consumptions compared with conventional plastic, and LIMEX can reduce the use of water compared with conventional paper. LIMEX is applied by more than 10,000 organizations, and it was introduced at Global Conference such as COP/G20/G7.	
2	KOHJIN Film & Chemicals Co.,Ltd.	NEW Biaxially Oriented PBT film BOBLET	Manufacturing	R5-044	Succeeded in Simultaneous Biaxially Oriented PBT film Ecology and Smart Package The film has various superior features, used for(1)Microwavable retort package,(2)Top film for trayed frozen foods,and(3)Clean wrapping for 3D food with contribution of CO2e reduction.	
3	AnchorZ Inc.	NEW Authentication Technology DZ Security	Manufacturing	R5-041	The World's First Uninterrupted Background User Authentication Technology. •Automatically locked when anyone other than the owner uses the device •No need to log in to the service •No need to have authentication servers to store personal information	
4	NK System Limited	NEW Optical Fiber Temperature Information System NK-OPTIS	Manufacturing	R5-037	Simple Optical Fiber Installation Ensures Effective, Safe, and Extensive Temperature Monitoring. •Explosion-proof optical fiber serves as a sensor. •Best for large-scale facilities/plant maintenance equipment.	
5	Sketch Co., Ltd.	NEW Heat Insulated Glass Coat IRUV CutCoat	Manufacturing	R5-034	Simple Application to the Window •Significantly cut off NIR/UV rays with just one coat application! •Reduce your AC costs with our effective insulation coating!	
6	Mitsuya Co., Ltd.	Functional Plating Services	Manufacturing	R5-036	From our approximately 100 plating types, we choose the best method for your specifications, resulting in quality stabilization, prevention of product failures, and reduction of unnecessary costs. This technology is expected to have applications in the semiconductor industry, aerospace industry, and medical industry.	
7	NIHON DENGYO KOSAKU Co., Ltd.	Transparent Antenna	Manufacturing	R5-028	this technology is expected to have applications in the semiconductor industry, aerospace industry, and medical industry.	
8	Rhino Japan, inc	Next-Generation Polyurea Wall	Manufacturing	R4-020	RHINO POLYUREA SHIELD WALL is an architectural panel for exterior walls made of styrene foam with polyurea resin coating. The polyurea resin offers hardness and elongation, high tensile strength, and excellent tear and abrasion resistance. In addition, this lightweight relieves concerns about crushing incidents caused by fallen old concrete-block walls.	
9	Hutzper Inc.	AI Solution	Manufacturing	R5-026	Since our company's founding in April 2020, we have been working persistently to provide AI/IoT technology as a dependable workforce for manufacturing locations, just like the Hebrew term "Hutzper," which serves as the name of our organization. Our engineers, specializing in manufacturing technology and quality management, and our AI experts work together to provide various services while pursuing creating Large Vision and Language Model (LVLM) for production sites utilizing the data we have accumulated.	
10	Keiden Co., Ltd.	Contactless NFC Card Reader	Manufacturing	R5-015	SS-Readers 2 is a multiple NFC-compatible, contactless card reader that is used with a delivery box, automatic locking system at multiple residences' entrances, and office access control systems. It can be accessed using a standard FeliCa or MIFARE card or a smartphone with mobile payment capabilities, allowing you to use your card or smartphone as a house key. Easy to install, SS-Reader 2 has been adopted for intercom systems provided by Panasonic Corporation or Aiphone Co., Ltd. for residence.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
11	TAKAHASHI Co., Ltd.	Industrial Food Cutting Machine MC-200B MC-350B	Manufacturing	R5-008	The MC series is a high-speed cutting machine that pursues flawless in sequential cutting. To change the length and pace of the cutting, simply touch the control panel screen. The MC series improves product efficiency on labor, time, cost, productivity, cutting accuracy, and loss.	
12	Karumoa Co., Ltd.	Injection Cold Plasma Deodorizer	Manufacturing	R5-019	Our injection cold plasma deodorizer is practical and efficient, in its compact size, generating a large amount of active plasma with a cutting-edge electrode technique and low energy. The difference between this deodorizer and conventional ones is that it injects active plasma into emissions rather than allowing emissions to pass through deodorizers. This deodorizer has avoided contamination with dust and oil, hence decreasing the risk of fire and lowering maintenance costs.	
13	NISSIN KASEI CO., LTD.	Silver plating solutions	Manufacturing	R4-006a	Ask us anything about precious metal plating solutions. Nissinbright : Functional, high-hardness brightening agents for silver plating Ecosilver : Non-cyanide silver plating series	
	NISSIN KASEI CO., LTD.	Insoluble Electrode ANODEC Series	Manufacturing	R4-006b	ANODEC insoluble anodes are formed by bonding platinum, iridium, ruthenium, or other platinum group metals (or oxide films) to the surface of a metallic titanium substrate. This gives them high electrochemical catalytic performance with excellent durability.	
14	SpiderPlus & Co.	Construction Site Management Software	Manufacturing	R5-014	SPIDERPLUS, created using feedback from construction sites, improves site communication and drawing/photo management in terms of quality, safety, and environmental friendliness. On your tablet, you can do anything you want.	
15	SHOWA SOKKI CORPORATION	Vibration Meter & Vibration Transmitter	Manufacturing	R5-021	Since its founding in 1968 as a manufacturer specializing in vibration gages, Showa Sokki Corporation has made efforts to contribute to society's "safety and comfort" by assisting maintenance operations in preventing accidents through vibration measurement in every field such as transportation, manufacturing, engineering, medical equipment, home electronics, and architectural structures.	
16	HARDOLAS Holdings Co., Ltd.	Nanomaterial Coating	Manufacturing	R5-022	Nanomaterial Coating "HardoLass" is a coating agent developed in Japan that forms an inorganic glass membrane. This coating agent reacts with moisture in the air and cures, forming a thin film at the nanometer level. The transparent nanometer-thin film does not affect the appearance or feel, and it imparts its effects by altering the surface structure.	
17	Motoda Giken Co., Ltd.	Balancer Yman	Manufacturing	R5-003	Our Yman balancers are vital on job sites where heavy goods are handled since they allow for freely handling all kinds of heavy goods, including lifting, clamping, and rotating them.	
18	Nippon Chemical Screw Co., Ltd.	Plastic Screw & Plastic Spring	Manufacturing	R5-013	Nippon Chemical Screw Co., Ltd. has been producing plastic fasteners since 1965. To meet clients' needs quickly, we control product quality and inventory by integrating our manufacturing from mold design to mass production. With over 50 years of experience and understanding, we provide various types of plastic parts, including screws.	
19	initialpoint Co., Ltd.	Multi-Factor Authentication Service JinCreek	Manufacturing	R4-019	JinCreek is a multi-factor authentication service that uses more than three verification factors and gives stronger security to shut unauthorized access out compared with conventional ID/PW authentication.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
20	HERE. Co.,Ltd.	Planning & Production of Spatial visual/Visual design contents	Manufacturing	R4-012	Multiplying diverse content such as art, space, fashion, and local culture by intellectual curiosity and the latest technology, we design "unknown spatial experience" to share the master comfortableness beyond language and generation. Spatial visual planning and production:XR (AR, VR, MR), projection mapping, dome images,stage visuals, installations. Visual design contents planning and production:Digital Signage, Music Video, Web movies, etc.	
21	Tokyo Factory, inc.	Proceed Cloud	Manufacturing	R4-018	The cloud service Proceed Cloud visualizes production status in a supply chain based on a database of production progress from on-site photos. It achieves the following	
22	TOYO AUTOMATION Co., Ltd.	Emergency shutoff system for water tanks	Manufacturing	R4-008	This system immediately closes the shutoff valve when its seismic sensor detects earthquake motion. In the event of an earthquake, water tank will maintain a specific volume of water on hand. However, it may experience unexpectedly flowing water as a result of pipe damages. Installing the system prevents the water flow.	
23	Monokoto Design Inc.	Smart lock focusing on easy key sharing	Manufacturing	R4-011	This smart lock, which focuses on key sharing functionality, is simple to operate and reasonably priced. Key management in businesses is simplified by this product. Physical presence to drop off or pick up keys, key duplication, and the possibility of keys being lost are all eliminated by this smartphone app-based access. It is simple to attach the smart lock over an existing deadbolt, eliminating the need for construction of changing locks.	
24	Qoncept, Inc.	All-in-one smartphone app for golf practice	Manufacturing	R4-007	"Golfboy" is a golf app that enables amateur players to access highly accurate, real-time data analyses on their smartphones, making practice more fun and effective for them. Just for \$10/month, Golfboy provides various useful information, including shot distance, ball and club speeds, and launch angle, as well as putting and swing form analyses from a single camera image.	
25	HERUTU ELECTRONICS CORPORATION	Pokayoke Tools	Manufacturing	R4-009	Pokayoke Tools is a group of IoT tools designed to prevent operator mistakes, such as forgetting to tighten screws or stamp, in production processes that require high quality, such as assembly processes. By combining compatible tools with our Pokayoke wireless devices (transmitter/receiver), you can use them as Pokayoke Tools. It provides reliable and steady inside wireless network coverage for 30 to 50 meters.	
26	TripodWorks CO.,LTD	MaaS Solution trimobi	Manufacturing	R4-004	trimobi is a cloud-based IoT platform to provide the services that improve daily operation efficiency by analyzing vehicle-related data collected from various sensors installed on vehicles. This results in Safe Enhancement, Work-style Reform, and Low Operating Costs. Personalized to optimize for customers' needs and requirements. Personalized to best meet the demands and specifications of the customer.	
27	Tokyo Byora Koki Co., Ltd.	High Precision Machinery Jigs and Dies made of Tungsten Carbide	Manufacturing	R4-005	Jigs and dies require frequent replacement because transfer machines that produce large volumes of small-precision parts at high speeds wear them out. But because of the exceptional wear resistance of our jigs and dies, the machines can continue to make components effectively for a very long time without needing to replace them. We are professional, especially for Micro Hole and Deep Hole Processing and Super Precision Processing.	
28	PIEZO PARTS Co.,Ltd	Corrosive Gas Monitoring System S-QTMS	Manufacturing	R4-002	S-QTMS simultaneously measures two channels of corrosive gases, humidity, and temperature. Additionally, the S-QTMS makes it possible to measure even trace gases thanks to QCM sensors. It is easy to use and install S-QTMS because it doesn't need PCs or any dedicated equipment for the measurement, and it works with an AC adapter or also 4 AA batteries.	
29	TAKASAGO CO.,LTD	HACCP Compliant Cleaning brushes	Manufacturing	R3-024	Color-coded cleaning tools prevent cross-contamination, and metal-detectable bristles reduce the risk of foreign body contamination. With such capabilities, as well as high durability and efficiency, our cleaning brushes help you meet HACCP criteria in your food processing business.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
30	SUNARROW LIMITED	Various composite parts	Manufacturing	R2-046	<p>①To provide a parts with high-functionality (e.g. prevention of interference on radio and light) by integrating multiple different materials such as rubber, metal, fiber sheet, etc.</p> <p>②To realize weight-saving and prevention of forgetting attachment by integrating multiple materials with different characteristics</p> <p>③To realize the parts appearance of 3D decoration,high quality, high functionality, and high durability by integrating multiple materials</p>	
31	Konno Corporation	Lifting Jack Model: LJ-150	Manufacturing	R3-011	LJ-150 is an integral hydraulic wedge that allows for vertical lifting or lowering of heavy items through the just 9.5mm access gap. The two safety blocks hold the object being lifted in place while changing jacks, ensuring that the operation is safe. As compared to other jacks with the similar performance, the LJ-150 is exceptionally light, weighing just 10 kg, making operations easier and requiring less workload.	
32	TDI ELECTRONICS CO., LTD.	Capacitive Sensor & Switch	Manufacturing	R3-010	We produce PET film capacitive sensors with conductive ink-printed circuit. The capacitive sensor, which measures the capacitance change between fingers and itself, is used to form touch sensors and non-contact sensors.	
33	INNOPHYS CO., LTD.	MUSCLE SUIT Every	Manufacturing	R3-012	Muscle suit "Every" is a wearing assist suit to help lightening the load on your back from work and daily labor-intensive activities. With artificial muscle operated by air pressure, "Every" helps to reduce the load at supporting people, carrying heavy items and standing in a half-sitting position, and contributes to improving the work environment and manpower shortage.	
34	UCAN Co., Ltd.	centralized air conditioning system	Manufacturing	R2-080	Ultrasonic humidifiers built into centralized A/C system such as air handling unit, all-in-one A/C system and duct, etc.	
35	Helvetia Inc.	Power Line Communication Module / Device	Manufacturing	R2-077	These products are to construct a data network using existing power lines (AC/DC) or coaxial cables.Using HD-PLC (High Definition Power Line Communication) technology, our products realize "Internet of Things" easily with just connecting sensors or control devices without new wiring, which leads to cost reductions. These are ideal for supporting several systems such as factory automation, flame detection and warning, and other various systems.	
36	Arc Geo Support Co., Ltd.	Hydrographic and Bathymetric Survey Service	Manufacturing	R2-070	Our team of licensed professionals provides high precision Hydrographic and Bathymetric Surveys using the state-of-the-art technology and our original light weight ASV (Autonomous Survey Vehicle) . This product is to conduct three-dimensional bathymetric survey especially at the shallow area even at 0.5m of water depth. We conduct not only surveys of harbor/coast/dam/river/offshore but also special measurement /underwater structure survey.	
37	Nanodax Co., Ltd	purging pellet for plastic injection machine "ecomaru"	Manufacturing	R2-064	"ecomaru" is the purging pellet for plastic injection machine, dedicated to black dot removal improvement,kneading Glass Wool. It is suitable for high quality molded plastic production.Thanks to Glass Wool which is extra fine and flexible, removes unnecessary substances physicall by the glass fibers' edges,suppressing a scratch inside plastic injection machine.	
38	CAST Co., Ltd.	Power Blade fork lift attachment	Manufacturing	R2-014	Power Blade is a fork lift attachment to use your forklift as a bulldozer. It is available just by inserting the blade to a forklift claw fized with the accessory ratchet belt. The blade being integrally molded by casting has high strength and durability and is made heavy for stability. There are two attachment types, around the 2.5 ton or 5.0 ton class, and the replacement blade is also available. So Power Blade is user friendly and economical, optimizing your workplace.	
39	Matex Co., Ltd.	LGH35 Gearhead Series	Manufacturing	R2-016	Matex, celebrating its 100th anniversary in 2020, has started producing a gearhead series by combining the long-trusted Matex planetary gear units and a simple gear case. Installing the gearhead series including our advanced manufacturing technology, you can not only reduce size and cost, but also efficiently improve the design process.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
40	Hino Engineering, Inc.	Camera module MultiFlex-CAM-1080E	Manufacturing	R2-057	MultiFlex-CAM is a MIPI output mode camera module supporting the CPU board's input. It can be directly embedded in the CPU board of image processing system and utilized for various devices including face recognition, image inspection or crime prevention. Full high-definition MultiFlex-CAM has high resolution of 2 million pixels. And it is very compact in size with excellent cost performance.	
41	TSP Inc.	VIPORE (Visual Power Report)	Manufacturing	R2-045	VIPORE is the system enabling to display statistical data and graph data such as the number of people and the attributes (gender or age) as well as queues lining up in the stores or public facilities by totalizing and analyzing video information shot by AXIS camera on our cloud computing technology. You can reasonably utilize information efficiently provided by VIPORE as marketing reports or solutions for enhancing sales and revitalizing stores.	
42	SYSTEM BRAIN CORPORATION	NANO MAINTENANCE SB-101	Manufacturing	R2-029	SB-101 is a new generation sanitizer deodorant developed by our unique water ionization technology that decomposes water molecules into nano-scale particles, allowing to dissolve sodium hypochlorite in pure water. Without the chlorine odor, it maintains the bactericidal effects, even for the viruses which can't be removed by alcohol, and enables the long-term preservation. SB-101 is also harmless to the human body and prevents chapped hands.	
43	FUTA-Q, Ltd.	Bore polished special alloy nozzle	Manufacturing	R2-028	FUTA-Q nozzle and needle, instruments for inhaling and dispensing liquid/gas samples, are made of special alloy widely used for analysis device in various fields of medical, life science, environmental, and other industries in general. The nozzle and needle can apply to a small diameter pipe under 6 mm in outside diameter.	
44	HEIWA TECHNICA CO., LTD.	FINE CUT H S Series	Manufacturing	R2-019	FINE CUT series are high-speed precision cutting machines enabling to cut out sample pieces for hardness measurement, metal structure observation and welding parts observation in the QC/QA or R&D field. FINE CUT series can realize a precision cutting at any position by the XYZ movement as well as performing a repeat cutting by the X-axis movement or automatic feeding mechanism.	
45	Nihon Seikoh Giken Co., Ltd.	Time Prism 2019	Manufacturing	R2-005	A Japanese Kaizen software tool that uses video footage in the analysis and improvement of process. In various industries, widely used as a support tool of work improvement and education.	
46	TOITU CO., LTD.	Fetal Monitor MT-831/832	Healthcare	R5-005	Since its foundation in 1958 as a medical equipment manufacturer specializing in OB/GYN, TOITU has been working on developing Fetal Monitor, Doppler Fetus detector, and Central system to meet the needs of medical practice by collaborative researches with doctors and medical staff members.	
47	DAIICHI MEDICAL CO., LTD.	Endoscopic Ear/Sinus Surgery Device	Healthcare	R5-012	Daiichi Medical, Japanese leading manufacturer on ENT field, has over 60 years experience in developing and manufacturing quality medical equipment which satisfies the specialized needs of ENT professionals.	
48	Nippon Barrier Free Co., Ltd.	Salmon ovary membrane extracted and purified	Healthcare	R5-011b	<ul style="list-style-type: none"> Rich experiences with manufactures of healthy food and cosmetics since foundation in 1996 Sales results in USA, Italy, Norway, UAE, Russia, Mongolia, China, Taiwan, Korea, Hong Kong, Australia, ASEAN regions 	
	Nippon Barrier Free Co., Ltd.	Smart Poeder System	Healthcare	R5-011a	<p>Powderization within a second by special airflow and autogenous grinding [Air stream fine grinding mill] & [Low-temperature drying and grinding mill] Can something like this become powder !? Tea, Grains, Beans, Vegetables, Fruits, Marine Products, Livestock Products, Food Residues, Resins, Liquids, Pastes, etc.</p>	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
49	ERECTA International Corporation	HOT & COLD MEAL DISTRIBUTION CART	Healthcare	R5-002	Make patients happier with good appetite! The ideal temperature is vital even for pre-plated meals in hospital rooms. Meals served at the appropriate temperature stimulate patient appetite while also ensuring food safety. Our meal distribution carts are straightforward and effective in operations. That results in pleasure for customers as well as workers.	
50	LUNDAL CORPORATION	HOME CARE BEDS Examination tables	Healthcare	R5-007	We have been manufacturing and selling assistive equipment, especially beds with independence support philosophy, since 1984. Now we also operate nursing services, such as day services and small-scale multifunctional homes, to support the aging population.	
51	Nutrition Act Co., Ltd.	Medi Nutrience Supplements	Healthcare	R5-001a	"Be forever young and beautiful." In order to fulfill this everyone's wish, Nutrition Act Co., Ltd. , as a nutrition specialist, has pursued the methodology based on chemistry and nutrition.	
	Nutrition Act Co., Ltd.	HIF1STEM	Healthcare	R5-001b	Anti-aging food ingredient that activates stem cells in the body. Based on a 10 years joint research & development with public institutions and universities, the stem cells activation effects were discovered from a specific breed olive from North Africa production. It created local employments, contributes to sustainable development.	
52	TAIYO CORPORATION	Wearable Surgical Lighting System	Healthcare	R3-016	OPELAll revolutionized the concept of surgical light by integrating both brightness of OR ceiling light and mobility of headlight with consideration for safety and comfort of surgeons, not only for use at typical operating rooms, but also in ICU, emergency vehicles, field hospital tents, etc. Our mission is to provide sufficient light for safer surgery everywhere.	
53	COSMOTEC CO.,LTD	Wearable Memo	Healthcare	R3-013	The "wemo" series is designed to keep professionals in-the-know while they are on-the-go at work. It is easy to use: simply place the "wemo" on your arm. It reduces the pressure or stress to memorize. With our special coating on the silicon material, you can write and erase as many times as you like. It is useful in a variety of situations, including medical, emergency, production lines, and logistics, cooking, shopping	
54	OPTIMA Inc.	Hydrogen Peroxide Vapor Bio-decontamination System PASSTECH R series	Healthcare	R2-071	The PASSTECH® series is the vaporized hydrogen peroxide decontamination system for the purpose of decontaminating the working environment of cleanroom facilities. The system performs 99.9999% decontamination safely and quickly, injecting high concentration hydrogen peroxide vapor carried by dry air into target space.	
55	Shimura Precision Co., Ltd.	Metal working parts for medical devices	Healthcare	R2-023	Shimura Precision supplies precision parts for medical devices such as endoscope, laparoscope and infusion pumps. With the advanced technical capability and cutting-edge precision machineries, such as CNC machines or 3D measuring machines, Shimura Precision is able to stably supply complicated shaped parts.	
56	HOMER ION Laboratory Co., Ltd.	G-TES. General Therapeutic Electrical Stimulator	Healthcare	R2-003	G-TES, manufactured in Japan, can provide exercise substitutes such as muscle training and aerobic exercise for patients who have difficulty exercising. The products are installed in many fields such as orthopedics, rehabilitation, dialysis, ICU, or nursing care. Applicable to the whole lower limbs - Easy to use, enabling every operator to provide the same quality	
57	Taiwa Holding Co., LTD.	Recycled Plastic Pallet	Infrastructure	R5-006	The Pallet is made entirely from eco plastic, a recycled material made from recycled packaging waste mailly. It is more environmentally friendly and sustainable than conventional virgin plastic pallets, and it is also less expensive.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
58	Ecosophy Co., Ltd.	Colloidal cleaner for carpet	Infrastructure	R3-026	This is the carpet cleaner for business use in hotels, commercial facilities, buildings, airports, etc. Widely supported by cleaning companies that demand not only work efficiency (high detergency) but also the safety and security of workers. The detergency is one of the highest levels among the carpet cleaners sold in Japan.	
59	C.H.C.SYSTEM CO.,LTD.	CO2 monitor	Infrastructure	R3-018	Using a high-precision optical NDIR* dual beam sensor, Marvel detects and visualizes CO2 concentration, which serves as a rough indicator of ventilation. The Marvel series meets "the Guidelines for selecting carbon dioxide concentration measuring instruments" issued by the Japanese Ministry of Economy, Trade and Industry.	
60	EXEN Corporation	Air Knocker RKV/RKD/RKVS series	Infrastructure	R2-061	Air Knocker is a machine to eliminate problems of blockage and adhesion of powder in storage facilities, such as hoppers, silos or chutes. This device can vigorously hit the wall surface of facilities by using compressed air and give an impact like hammering to prevent the contents from sticking, and is widely available from powder to granules such as cement, wheat, toner or pellets.	
61	Maruman Optical Co., Ltd.	Titanium Frames for eyeglasses		R5-027	The work of skilled craftsmen transforms robust titanium frames into comfortable fitting eyewear with a refined design. Their handiwork creates the curvaceous and elaborate works and long-lasting excellent items. Manufactured entirely in Japan from design and parts processing to assembly, surface treatment, and management.	
62	LUNA FACTORY, INC.	Tarot and Oracle cards	Lifestyle	R5-018	At Luna Factory, we create original tarot and oracle card designs in a wide variety that can be considered evolutionary compared to those produced by other companies. Aside from the high quality, we are dedicated to crafting the design of each individual card. Our cards are made with both our original designs and with licensed designs such as well-known Sanrio or San-X characters.	
63	RAMSMARK S CO., LTD.	FUCOLOGY ESSENCE NAMIDA CARE	Lifestyle	R5-010	For pets with skin problems or skin allergies. Moisturizers with Fucoidan, natural ingredient. Developed out of a love for pets.	
64	Fostar Co., Ltd.	TEGSUMI Silkcare Shampoo	Lifestyle	R5-016	TEGSUMI Silkcare shampoo supports dogs' skin health. TENSAN silk fibroin, a distinct ingredient of the product, is extracted from rare Japanese-specific wild silk using our proprietary technology. Containing the extract and other beauty essences, the shampoo heals and moisturizes dogs' skin and fur from the inside out without causing any harm.	
65	SAFETY Co., Ltd.	hair care and styling products	Lifestyle	R5-017a	COCUU, a line of salon-exclusive household hair care products, combines such ingredients as isostearyl hydrolyzed keratin (wool, repairing agent), organic-certified ingredients, and natural water-soluble collagen and successfully preserves all of its good points. The more you use COCUU, the healthier and more attractive your hair will be. Its characteristic orange and patchouli aromas refresh you.	
	SAFETY Co., Ltd.	Treat different types of hair conditions	Lifestyle	R5-017b	K.fix is a new series of products that allows for the simultaneous application of perming (or straightening) and treatment, resulting in time saving while still maintaining high quality thanks to our proprietary formulation, which aids active ingredients, moisturizing, repairing, and cross-linking ingredients in effectively penetrating at the same time.	
66	OSEWAYA Co., Ltd.	Ayatorie	Lifestyle	R5-009	"It is joyful not only to wear but also to display" – this is the concept behind my handmade accessories. I carefully design and handcraft them to capture the charm of the little world. I hope they become heartwarming additions to your life.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
67	VELAS Corporation LTD.	ONSENSOU	Lifestyle	R5-022	Personal care products from Japan's No.1 hot spring district, Beppu. The inspiration for the brand name ONSSENSOU is "hot spring algae." From the algae in Beppu hot springs, we discovered hot spring algae and hot spring yeast, which have curative properties such as beautifying skin and hair and relieving inflammation. Containing these extracts, the ONSSENSOU products promote healthy skin, scalp, and hair.	
68	Dosukoi JAPAN LLC	Bags and Home Decors made of Kimono Textiles	Lifestyle	R5-023	We transform vintage kimono, particularly obis (sashes), into bags and home decor to bring the elegance of kimono into everyday life. Kimono textiles enchant us with their auspicious motif designs that are not only gorgeous but also meaningful, such as longevity, prosperous marriage, etc. You can appreciate the beauty of kimono and the authenticity of Japanese culture in your everyday life.	
69	ANJU JAPAN Co., Ltd.	Beauté Rondo UV Stick	Lifestyle	R5-025	Beauté Rondo UV Sticks are sunscreens that are suitable for even the most sensitive skin. The stick format makes application and reapplication simple and mess-free. The products have a light touch without the thickness and stickiness of many sunscreens, but they are very sweat resistant. It creates an even sunscreen layer on the skin's surface with just one application. These clear sticks do not leave a white cast on the skin.	
70	OKAMURA FOODS CO.,LTD.	Aomori salmon	Lifestyle	R4-017	We raise salmon trout in the water around Aomori, at the northernmost tip of Japan's mainland. Thanks to the abundant natural environment with the mineral-rich water flowing from Shirakami Mountain (a world heritage site), the Tsushima current coming from the south via the Japan Ocean, and the harsh flow made by the Tsugaru channel, the sea around Aomori is perfect for farming salmon. This cold and enriched water makes our salmon trout large, firm, but ideally fatty and tasty.	
71	Dream Factory Inc.	At-home massage tools DOCTOR AIR	Lifestyle	R5-004	Based on the idea of "healthcare innovation", DOCTORAIR takes a holistic approach to health from the perspectives of healing, exercise, and beauty. Since DOCTORAIR first launch, Cumulative shipments of the DOCTORAIR series have exceeded 6 million units, and the Gun series have reached 1 million units in Japan market! Winning numerous design awards for its design and functional beauty with a focus on "function x material x form".	
72	ECBB Co., Ltd.	#2GO	Lifestyle	R4-010	#2GO Portable Pocket, a distinctive spill-proof holder for drinks, phones, and other small items. Its unique clip allows the pocket to be easily attached anywhere. What's more, it comes with the attached lid and strap. The lid makes the pocket securely close, and the strap turns it into a shoulder bag or a chalk sacoché. It is easy to put things in and take them out of the pocket due to its large capacity and no need to be concerned about spillage or dropping.	
73	Edith Co., Ltd.	One Stop Solution to Publish Licensed Products of Japanese Anime, Games	Lifestyle	R4-013	We are a group of content IP professionals, the majority of whom have backgrounds in the advertising industry. By leveraging content IP as well as branding and promotions, we assist you in developing excellent products and attracting customers.	
74	HITOKUCHI Inc.	Fruit Chocolate made in Japan	Lifestyle	R4-014	We are dedicated to creating products that use the best fruits from each region of Japan and then becoming a JAPAN brand that represents the country. "Hitokuchi Shiranuhi (called Sumo Citrus, Dekopon)," which achieved No. 1 Sales on Rakuten and Amazon (*1), "Hitokuchi Violette de sollies (black fig)," "Hitokuchi Hyuganatsu (citrus)," and "Hitokuchi Anzunosato (apricot)" are among our fruit chocolate products.	
75	SANCHO Corporation	Assist Walking Insole	Lifestyle	R4-015	What you can benefit from this insole is to exercise your sole muscles in day-to-day scenarios, as well as to absorb shock and support the arch which will reduce your pain and keep your body in the right posture. This insole is intended to strengthen your plantar fascia so that you can maintain proper posture in the future without using the insole.	
76	Mars-t Company Inc.	Sirius 24K sireis	Lifestyle	R4-003	The Sirius 24K series rejuvenates skin conditions such as Firmness, Moisture, Dark Spots, Dullness, and Skin Cell Turnover Cycle. The gold's antioxidant properties in the series remove free radicals, which cause skin aging, and promote the skin's natural ability to repair and regenerate itself.

77	Belega Co., Ltd.	CELL CURE 4T PLUS	Lifestyle	R4-001	CELL CURE 4T PLUS is a home-use facial equipment that offers four fundamental facial esthetic treatments. We produced CELL CURE 4T PLUS based on the theories and verifications we obtained while operating schools, accredited by the International Esthetic Federation, and five of our own esthetic salons.	
78	ARIKI Co., Ltd.	ARIKI Pants P2	Lifestyle	R3-025	The P2 pull-on slim pants are extremely comfortable with a sharp silhouette. They are great for any age, providing a flattering and fitted silhouette without cutting into the stomach. The polished look makes them versatile, dressed up or down. The P2 pants range includes summer and year-round options.	
79	Kenkousya, Ltd	Ringless Sliding Notebook	Lifestyle	R3-014	SlideNote is designed with two functions in mind. Firstly, as a filing binder. The combination of a slide frame and metal clips fasten/unfasten paper easily and securely. Holes for rings are not required. The second use is as a notebook. Solid quality silicon covers not only protect paper but also make it easy to hold and write down while standing.	
80	KYORAKU Co., Ltd.	Self-Venting Packaging - EASY! MiCOOKER (EMC)	Lifestyle	R3-006	EASY! MiCOOKER (EMC) is a self-venting packaging series with our unique technology of steam releasing. The steam vent located on the upper part of the packaging is going to open automatically once having a certain pressure inside. All you need is just to put the packaging into a microwave. No need to open/peel the film and no worry about bursting at all. In addition, it is very hygienic because food keeps shielded until just before served. We offer the manufacturing in Japan, and in Thailand at our own factory.	
81	Azone Co., Ltd.	High quality bamboo craft "wa-gu-mi"	Lifestyle	R3-005	wa-gu-mi is a bamboo craft kit, and adopts Japanese traditional patterns as the motif. It is precisely designed and laser cut. Bamboo, symbol of life force, is a fortunate item and also environmental friendly. It is easy to assemble without glue/tools, but still the finish is delicate & beautiful. It enhances the joy in creation.	
82	TOYO PAPER MFG. CO., LTD.	Food-related paper products	Lifestyle	R2-052	We are a paper manufacturer, providing various paper products for diverse industries. We produce a wide range of food-related products using our expertise and experience as paper experts, including tempura paper, meat paper, food paper, coffee filters, tea bags, and waste oil disposal bags.	
83	Watanabe Book Binding Co., LTD	BOOK NOTE	Lifestyle	R2-047	BOOK NOTE, having a choice of graph paper notebook and plain paper notebook, is crafted with great care by the skilled craftsmen and has high durability enough to be folded at the 360° angle. With its moderate hardness of the cover, you can easily write down without a desk. The note is practical but beautiful stationery providing you with comfort each time you use it.	
84	HIKIJ CO., LTD.	Body Friendly Backpack	Lifestyle	R2-018	Body Friendly Backpack is designed in collaboration with Bag Designer and Health Fitness Programmer considering the female body. The burden is reduced by distributing the weight of baggage on the shoulder across your body, which leads you to feel comfortable and assist you in walking with a beautiful posture.	
85	OCHARAKA Inc.	Japanese Flavor Tea	Lifestyle	31-100	A way to discover and a new original approach to the Japanese tea to all world citizens. Adding Stephane's sommelier's finesse to highlight Japanese green tea and create new fusions that enhance ones "eyes, nose and mouth" to embody full enjoyment of deep flavors while using a sommelier's approach to wine to that of tea to send to the world a new refined and enjoyable beverage.
