Tokyo Metropolitan SME Support Center supports the overseas sales promotion of this product.
Tokyo Metropolitan SME Support Center is founded by Tokyo Metropolitan Government to assist SME in Tokyo.

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
AkimotoSanki Co.,LTD.	NEW Cutoff Nozzle	Robot Machinery Metal Manufacturing	R6-036	Make difficult liquid filling operation easy! Cutoff Nozzle maintains a clean working environment and reduces production costs by decreasing the defective rate.	
NOMURA CORPORATION	Fully Automatic Rice Weighing & Packing Machine SIP-110R II	Robot Machinery Metal Manufacturing	R6-035	Next-generation packaging machine: high-speed, energy-saving, and stable performance Features <ul style="list-style-type: none"> •High stability of tube roll type •Compact, high-speed and energy-saving •Equipped with a proprietary high-precision weighing system •Wide Variety of Options 	
MEIJI MACHINE CO., LTD.	AUTOMATIC BAG OPENER	Robot Machinery Metal Manufacturing	R6-028	Saving labor, Improving efficiency ! <ul style="list-style-type: none"> •For bags containing powdered/ granulated products such as rice, flour, etc. •Unmanned operation is available when used with a depalletizer. Simple, Safe, & Maintenance-free	
KANTO KONGOKI INDUSTRIAL CO.,LTD.	Multifunctional Mixer Series	Robot Machinery Metal Manufacturing	R6-023	Achieving the Best Mixing ! For materials with various characteristics. <ul style="list-style-type: none"> ✓ Great for productions of bread, confectionery, cakes, pizzas, etc. ✓ Improved safety and hygiene ✓ Wide range of peripherals to enhance work efficiency 	
Aster Co., Ltd.	Coating material	Robot Machinery Metal Manufacturing	R6-020	Earthquake Retrofitting JUST by COATING ! For strengthening structures! Bricks, blocks, stones Also good for maintenance of existing buildings! <ul style="list-style-type: none"> ✓ Prevent concrete from cracking ✓ Prevent tiles and concrete from falling off ✓ Prevent leaks- excellent waterproofing! 	
Time World Co., Ltd.	Hyperbaric Oxygen Therapy Chamber	Robot Machinery Metal Manufacturing	R6-016	Refresh your body and mind for great days! Easy operation! Fully automatic, unmanned We offer one- package service from design to manufacturing, installation and maintenance. Made in Japan - Top quality, Safe and Reliable.	
MAMORIO Inc.	Anti-Loss Smart Tag MAMORIO RE	Robot Machinery Metal Manufacturing	R6-012	<ul style="list-style-type: none"> • LossPrevention Alert : You will get notified via app when you leave your belongings behind • Easy to check : the last detected time and location of lost items with the application • Cloud Tracking : Users can cooperate with each other to search for lost items • MAMORIO Spot : Loss prevention coverage on over 700 public transit routes in Japan 	
Touyoko Support Co., Ltd.	Mist-type Spot Cooler Cool Mist Line	Robot Machinery Metal Manufacturing	R6-009	Cool down your site with Non-Wetting Mist and work comfortably! Cool Mist Line® is an evaporative cooling system that operates with compressed air and minimal water. Its ultra-fine particle mist evaporates instantly, leaving only cool air. No Wetting, No Rusting AT ALL !	
Line Seiki Co., Ltd.	measuring length & counting, and machine safeguarding	Robot Machinery Metal Manufacturing	R6-007	Devices and Technologies to Support Manufacturing Sites ! We design, manufacture, and supply products that solve problems in measuring length & counting, and machine safeguarding. Please check our products with reliable quality, ease of use, and unique features that will benefit your business.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
FingerVision Inc.	Vision-based tactile sensor FingerVision	Robot Machinery Metal Manufacturing	R5-046	Hand with eyes to handle various types of products and delicate materials! Handle and manipulate soft, slippery, and easily deformable objects that have been difficult to handle with robots. Robotic arms with low-cost tactile sensors help reduce the workload on production lines and labor shortages.	
ViewOhre Imaging Co., Ltd.	Microscope Thermography ThermalViewX MCR Series	Robot Machinery Metal Manufacturing	R6-003	Temperature Measurement Solution for applications where a thermocouple is not suitable <ul style="list-style-type: none"> • Unique calibration system measures the temperature of very tiny areas. • Accompanying exclusive software for visualizing heat distribution using unique signal and picture processing. • Providing movie functions and statistical methods to help researchers and inspectors. • User friendly Graphical user interface (GUI) 	
Seiken Co., Ltd.	Contact Probes, Probe cards, IC Sockets	Robot Machinery Metal Manufacturing	R6-001	Cutting-Edge, Probe and Test Solutions for Semiconductor Revolutionizing contact probe tech for your testing needs. Our solutions lead the industry for different sectors. Committed to excellence, we thrive on solving your toughest challenges.	
TAISEI GIKEN CO.,LTD.	Oil Purification Units	Robot Machinery Metal Manufacturing	R5-040	Taisei Giken is a prominent manufacturer of oil cleansers and oil/water separators. Maintain machine oil equal to fresh oil at all times	
Akashi Rubber Co., Ltd.	Moulded Silicone Rubber Components	Robot Machinery Metal Manufacturing	R5-032	We deliver a consistent supply of High-Quality, High-Performance Rubber Components. We produce and maintain a wide range of high-quality products with the experience and knowledge we have built over the past 50 years, as well as our integral management at our own factories. Our clients value our consistent product quality and reliable supply system.	
Rhino Japan, inc	Next-Generation Polyurea Wall	Robot Machinery Metal Manufacturing	R4-020	RHINO POLYUREA SHIELD WALL is an architectural panel for exterior walls made of styrene foam with polyurea resin coating. The polyurea resin offers hardness and elongation, high tensile strength, and excellent tear and abrasion resistance. In addition, this lightweight relieves concerns about crushing incidents caused by fallen old concrete-block walls.	
TAKAHASHI Co., Ltd.	Industrial Food Cutting Machine MC-200B MC-350B	Robot Machinery Metal Manufacturing	R5-008	The MC series is a high-speed cutting machine that pursuits flawless in sequential cutting. To change the length and pace of the cutting, simply touch the control panel screen. The MC series improves product efficiency on labor, time, cost, productivity, cutting accuracy, and loss.	
Karumoa Co., Ltd.	Injection Cold Plasma Deodorizer	Robot Machinery Metal Manufacturing	R5-019	Our injection cold plasma deodorizer is practical and efficient, in its compact size, generating a large amount of active plasma with a cutting-edge electrode technique and low energy. The difference between this deodorizer and conventional ones is that it injects active plasma into emissions rather than allowing emissions to pass through deodorizers. This deodorizer has avoided contamination with dust and oil, hence decreasing the risk of fire and lowering maintenance costs.	
NISSIN KASEICO	Silver plating solutions	Robot Machinery Metal Manufacturing	R4-006a	Ask us anything about precious metal plating solutions. Nissinbright : Functional, high-hardness brightening agents for silver plating Ecosilver : Non-cyanide silver plating series	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
ANODEC, LTD.	Insoluble Electrode ANODEC Series	Robot Machinery Metal Manufacturing	R4-006b	ANODEC insoluble anodes are formed by bonding platinum, iridium, ruthenium, or other platinum group metals (or oxide films) to the surface of a metallic titanium substrate. This gives them high electrochemical catalytic performance with excellent durability.	
SpiderPlus & Co.	Construction Site Management Software	Robot Machinery Metal Manufacturing	R5-014	SPIDERPLUS, created using feedback from construction sites, improves site communication and drawing/photo management in terms of quality, safety, and environmental friendliness. On your tablet, you can do anything you want.	 Drawing Management Photo management Output report
Mitsuya Co., Ltd.	Functional Plating Services	Robot Machinery Metal Manufacturing	R5-036	From our approximately 100 plating types, we choose the best method for your specifications, resulting in quality stabilization, prevention of product failures, and reduction of unnecessary costs. This technology is expected to have applications in the semiconductor industry, aerospace industry, and medical industry.	
HARDOLASS Holdings Co., Ltd.	Nanomaterial Coating	Robot Machinery Metal Manufacturing	R5-022	Nanomaterial Coating "HardoLass" is a coating agent developed in Japan that forms an inorganic glass membrane. This coating agent reacts with moisture in the air and cures, forming a thin film at the nanometer level. The transparent nanometer-thin film does not affect the appearance or feel, and it imparts its effects by altering the surface structure.	
Motoda Giken Co., Ltd.	Balancer Yman	Robot Machinery Metal Manufacturing	R5-003	Our Yman balancers are vital on job sites where heavy goods are handled since they allow for freely handling all kinds of heavy goods, including lifting, clamping, and rotating them.	
Nippon Chemical Screw Co., Ltd.	Plastic Screw & Plastic Spring	Robot Machinery Metal Manufacturing	R5-013	Nippon Chemical Screw Co., Ltd. has been producing plastic fasteners since 1965. To meet clients' needs quickly, we control product quality and inventory by integrating our manufacturing from mold design to mass production. With over 50 years of experience and understanding, we provide various types of plastic parts, including screws.	
TOYO AUTOMATION Co., Ltd.	Emergency shutoff system for water tanks	Robot Machinery Metal Manufacturing	R4-008	This system immediately closes the shutoff valve when its seismic sensor detects earthquake motion. In the event of an earthquake, water tank will maintain a specific volume of water on hand. However, it may experience unexpectedly flowing water as a result of pipe damages. Installing the system prevents the water flow.	
SUNARROW LIMITED	Various composite parts	Robot Machinery Metal Manufacturing	R2-046	①To provide a parts with high-functionality (e.g. prevention of interference on radio and light) by integrating multiple different materials such as rubber, metal, fiber sheet, etc. ②To realize weight-saving and prevention of forgetting attachment by integrating multiple materials with different characteristics ③To realize the parts appearance of 3D decoration, high quality, high functionality, and high durability by integrating multiple materials	
UNITEX Corporation	NEW Data Storage Solution - UNITEX LT Series	Electronics IT	R6-032	LTO tapes offer offline storage for large volumes of data for over 30 years, free from concerns about cyber attacks & power consumption. UNITEX's USB-connected drives and archive software combine with these robust media to provide a simple, seamless solution compatible with various PCs and servers.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
On Demand One, Inc.	Application Migration Service	Electronics IT	R6-027	Convert Applications that were developed/built in: Oracle Forms Power Builder into formats applicable to .NET	
TERADA Co., Ltd.	Floor Plate Series TERACON	Electronics IT	R6-015	Floor Electrical Outlet Embedded Socket Cover Box <ul style="list-style-type: none"> ✓ Power supply anywhere you like, even in open spaces away from walls ✓ Various application - suitable for residences, offices, commercial facilities etc. 	
RICOS Co. Ltd.	AI Fluid Simulation Calculation	Electronics IT	R6-014	AI for faster + more accurate Fluid Simulation Calculation ! Also good for maintenance of existing buildings! <ul style="list-style-type: none"> ✓ Faster Calculation: 100 times faster than with existing simulation software alone*1 ✓ Improved Product Performance: due to the increased number of design patterns that are evaluable by our proprietary AI*2. *1 Results may vary depending on conditions *2 Patented in Japan and China	
KODAMA CHEMICAL INDUSTRY CO.,LTD.	Plastic sheet extrusion, vacuum forming	Electronics IT	R6-011	Resin processing specialist's Integrated Production Technology with various raw materials ! <ul style="list-style-type: none"> • High quality and low cost via integrated production • Cost reduced by thin material (t= 0.4 ~1.0 mm) • High rating of 4.2/5.0 in customer satisfaction survey 	
Unipulse Corporation	Electric Balancer Moon Lifter	Electronics IT	R5-047	Handle workpieces as if they were weightless! <ul style="list-style-type: none"> • Assists in lifting weight and allows for the manual handling of heavy workpieces weighing up to 480 kg • Makes hard-heavy workloads easy for anyone • Also suitable for precision positioning, assembly, and handling of delicate workpieces such as glass 	
WELCO CO., LTD.	High Performance Peristaltic Pump	Electronics IT	R5-043	Since the launch of the products, over 3 millions of units have been sold. They are widely used in many applications around the world and its demand consistently grows. WELCO peristaltic pumps use parts manufactured entirely using high-quality Japanese technology. A specification of the pump can be determined by many combination of parts to meet variety of needs.	
AnchorZ Inc.	Authentication Technology DZ Security	Electronics IT	R5-041	The World's First Uninterrupted Background User Authentication Technology. <ul style="list-style-type: none"> • Automatically locked when anyone other than the owner uses the device • No need to log in to the service • No need to have authentication servers to store personal information 	
NK System Limited	Optical Fiber Temperature Information System NK-OPTIS	Electronics IT	R5-037	Simple Optical Fiber Installation Ensures Effective, Safe, and Extensive Temperature Monitoring. <ul style="list-style-type: none"> • Explosion-proof optical fiber serves as a sensor. • Best for large-scale facilities/plant maintenance equipment. 	
Hutzper Inc.	AI Solution	Electronics IT	R5-026	Since our company's founding in April 2020, we have been working persistently to provide AI/IoT technology as a dependable workforce for manufacturing locations, just like the Hebrew term "Hutzper," which serves as the name of our organization. Our engineers, specializing in manufacturing technology and quality management, and our AI experts work together to provide various services while pursuing creating Large Vision and Language Model (LVLM) for production sites utilizing the data we have accumulated.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
SHOWA SOKKI CORPORATION	Vibration Meter & Vibration Transmitter	Electronics IT	R5-021	Since its founding in 1968 as a manufacturer specializing in vibration gages, Showa Sokki Corporation has made efforts to contribute to society's "safety and comfort" by assisting maintenance operations in preventing accidents through vibration measurement in every field such as transportation, manufacturing, engineering, medical equipment, home electronics, and architectural structures.	
initialpoint Co., Ltd.	Multi-Factor Authentication Service JinCreek	Electronics IT	R4-019	JinCreek is a multi-factor authentication service that uses more than three verification factors and gives stronger security to shut unauthorized access out compared with conventional ID/PW authentication.	
Tokyo Factory, inc.	Proceed Cloud	Electronics IT	R4-018	The cloud service Proceed Cloud visualizes production status in a supply chain based on a database of production progress from on-site photos. It achieves the following	
Qoncept, Inc.	All-in-one smartphone app for golf practice	Electronics IT	R4-007	"Golfboy" is a golf app that enables amateur players to access highly accurate, real-time data analyses on their smartphones, making practice more fun and effective for them. Just for \$10/month, Golfboy provides various useful information, including shot distance, ball and club speeds, and launch angle, as well as putting and swing form analyses from a single camera image.	
Konno Corporation	Lifting Jack Model: LJ-150	Electronics IT	R3-011	LJ-150 is an integral hydraulic wedge that allows for vertical lifting or lowering of heavy items through the just 9.5mm access gap. The two safety blocks hold the object being lifted in place while changing jacks, ensuring that the operation is safe. As compared to other jacks with the similar performance, the LJ-150 is exceptionally light, weighing just 10 kg, making operations easier and requiring less workload.	
INNOPHYS CO., LTD.	MUSCLE SUIT Every	Electronics IT	R3-012	Muscle suit "Every" is a wearing assist suit to help lightening the load on your back from work and daily labor-intensive activities. With artificial muscle operated by air pressure, "Every" helps to reduce the load at supporting people, carrying heavy items and standing in a half-sitting position, and contributes to improving the work environment and manpower shortage.	
Helvetia Inc.	Power Line Communication Module / Device	Electronics IT	R2-077	These products are to construct a data network using existing power lines (AC/DC) or coaxial cables. Using HD-PLC (High Definition Power Line Communication) technology, our products realize "Internet of Things" easily with just connecting sensors or control devices without new wiring, which leads to cost reductions. These are ideal for supporting several systems such as factory automation, flame detection and warning, and other various systems.	
J Topline Inc.	NEW Hollow particle film: Air	Environment Energy Chemical	R6-030	By simply applying to a window, "Air" will keep the room cool in summer and warm in winter, creating an energy-efficient, cozy living space.	
Heisen Yoko Co.,Ltd.	NEW Two-component polyurethane casting resins: Hei-Cast Series	Environment Energy Chemical	R6-034	We offer polyurethane resins for custom-made production. Focusing primarily on the prototype industry where vacuum casting is widely incorporated, we develop a variety of products that take advantage of polyurethane's unique characteristics.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
Japan Capsular Products, Inc.	NEW Micro-encapsulation Technology	Environment Energy Chemical	R6-038	We manufacture and process microcapsules with a diameter of 5 - 2,000 μm using our proprietary technology for coating microscopic particles. Depending on the characteristics of the materials enclosed, they can be applied to a wide variety of products.	
MORIKAWA CO.,LTD.	NEW Volatile Organic Compound Gas Recovery Device: REARTH	Environment Energy Chemical	R6-042	REARTH helps recycle organic solvents to protect the environment and reduce costs.	
Nakagawa Chemical Inc.	Self-adhesive Decorative Film	Environment Energy Chemical	R6-037	Superior Space Design : Connecting and Creating Value Together Nakagawa Chemical has been developing and selling self-adhesive decorative films in Japan for half a century. Our extensive experience and diverse product lineup are highly regarded by professionals in the architecture and design industry.	
PNEUMATIC CO.,LTD	Prevents Scaling in Pipes	Environment Energy Chemical	R6-033	Innovative, Environmentally-friendly Equipment that Prevents Scaling in Pipes <ul style="list-style-type: none"> •No maintenance is required after installation •Safe and secure, as no chemicals are used Maintain the thermal efficiency of cooling towers, heat exchangers etc. •Keep the inner surfaces of pipes distributing liquids clean and free from scale 	
ASAHI INDUSTRY CO.,LTD	Tire Pressure Gauge EX	Environment Energy Chemical	R6-031	For Tire Safety Around the World ! Maintain proper tire pressure with simple operation. <ul style="list-style-type: none"> •Chucks : A wide variety of products for all types of vehicles, from motorcycles, passenger cars to large commercial vehicles. •3-in-1 ! : Check pressure / Inflate/ Deflate •Inflator : for larger vehicles, Inflate multiple tires at once! 	
Luceo Co., Ltd.	Polarizing Plate POLAX Series	Environment Energy Chemical	R6-029	Custom-made high-performance polarizers from one piece ! In-house Optical Film Manufacturing From one piece to mass production. <ul style="list-style-type: none"> ✓Integrated production from manufacturing polarizing films ✓Various specifications available. ✓Sold from one piece. We also make prototypes. ✓Environmental regulations satisfied 	
TBM Co., Ltd	LIMEX Pellet LIMEX Sheet	Environment Energy Chemical	R5-045	Low Impact Material for Earth LIMEX is an innovative new material mainly made of limestone, which can replace plastic and paper. LIMEX can reduce GHG emissions and plastic consumptions compared with conventional plastic, and LIMEX can reduce the use of water compared with conventional paper. LIMEX is applied by more than 10,000 organizations, and it was introduced at Global Conference such as COP/G20/G7.	
KOHJIN Film & Chemicals Co.,Ltd.	Biaxially Oriented PBT film BOBLET	Environment Energy Chemical	R5-044	Succeeded in Simultaneous Biaxially Oriented PBT film Ecology and Smart Package The film has various superior features, used for (1)Microwavable retort package, (2)Top film for trayed frozen foods, and (3)Clean wrapping for 3D food with contribution of CO2e reduction.	
Sketch Co., Ltd.	Heat Insulated Glass Coat IRUV CutCoat	Environment Energy Chemical	R5-034	Simple Application to the Window <ul style="list-style-type: none"> •Significantly cut off NIR/UV rays with just one coat application! •Reduce your AC costs with our effective insulation coating! 	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
NIHON DENGYO KOSAKU Co., Ltd.	Transparent Antenna	Environment Energy Chemical	R5-028	this technology is expected to have applications in the semiconductor industry, aerospace industry, and medical industry.	
Keiden Co., Ltd.	Contactless NFC Card Reader	Environment Energy Chemical	R5-015	SS-Readers 2 is a multiple NFC-compatible, contactless card reader that is used with a delivery box, automatic locking system at multiple residences' entrances, and office access control systems. It can be accessed using a standard FeliCa or MIFARE card or a smartphone with mobile payment capabilities, allowing you to use your card or smartphone as a house key. Easy to install, SS-Reader 2 has been adopted for intercom systems provided by Panasonic Corporation or Aiphone Co., Ltd. for residence.	
Taiwa Holding Co., LTD.	Recycled Plastic Pallet	Environment Energy Chemical	R5-006	The Pallet is made entirely from eco plastic, a recycled material made from recycled packaging waste mailly. It is more environmentally friendly and sustainable than conventional virgin plastic pallets, and it is also less expensive.	
TripodWorks CO.,LTD	MaaS Solution trimobi	Environment Energy Chemical	R4-004	trimobi is a cloud-based IoT platform to provide the services that improve daily operation efficiency by analyzing vehicle-related data collected from various sensors installed on vehicles. This results in Safe Enhancement, Work-style Reform, and Low Operating Costs. Personalized to optimize for customers' needs and requirements. Personalized to best meet the demands and specifications of the customer.	
C.H.C.SYSTEM CO.,LTD.	CO2 monitor	Environment Energy Chemical	R3-018	Using a high-precision optical NDIR* dual beam sensor, Marvel detects and visualizes CO2 concentration, which serves as a rough indicator of ventilation. The Marvel series meets "the Guidelines for selecting carbon dioxide concentration measuring instruments" issued by the Japanese Ministry of Economy, Trade and Industry.	
Komatsu Spring Industrial Co., Ltd.	Precision Springs & Coils for Medical Devices	Medical	R6-019	Contributing to Healthcare <ul style="list-style-type: none"> •100% custom-fabricated •Wire diameter:0.02-2.5mm •Consistent quality from prototype to mass-production 《Medical Devices applying our spring/coils》 Biopsy needle/Guidewire for catheters/Endoscopy	
Gellyce co., Ltd	Next-generation Hydrogel Tetra-Gel	Medical	R6-018	Tetra-Gel is made from a simple combination of tetra-branched polyethylene glycol (PEG). 《Medical Applications》 Tissue protectant/Adhesion prevention material/Wound dressing Artificial vitreous body, ligament etc./Controlled drug delivery(CDD) Regenerative material(fat, nerve, tendon) Hemostatic solution (under development)	
Sanwa Manufacturing Co., Ltd.	Hearing Aids Pocket series	Medical	R6-010	Hearing Aids for "Getting started and desiring to hear more" <ul style="list-style-type: none"> •Equipped with SELECTONE function to allow you to adjust the sound quality by yourself according to your physical condition and locations, eliminating the need for adjustments by the certified expert. •The volume is controlled by dial, so anyone can use it easily and stress-free with intuitive operation. 	
FUJIFLEX Co., Ltd.	Endoscope Cart MEDION-III	Medical	R6-005	The stable body and optional parts make it suitable for various medical situations such as in the operating rooms and endoscopy suites. The universal design allows for the storage of ancillary equipment and a variety of medical devices. An endoscopy cart compatible with flexible and rigid endoscopes, developed based on customer demands over 20 years of sales in Japan.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
MedVigilance Inc.	A Ring-Shaped Wearable Device Device Φ Ring	Medical	R6-002	A Ring-Shaped Wearable Device to Measure the Conditions of Your Health and Healthcare Data Monitoring Application ! 24 hour monitoring for activity level such as steps and calories, also blood oxygen level, heartrates, sleeping quality and heartrate variability.	
TOITU CO., LTD.	Fetal Monitor MT-831/832	Medical	R5-005	Since its foundation in 1958 as a medical equipment manufacturer specializing in OB/GYN, TOITU has been working on developing Fetal Monitor, Doppler Fetus detector, and Central system to meet the needs of medical practice by collaborative researches with doctors and medical staff members.	
DAIICHI MEDICAL CO., LTD.	Endoscopic Ear/Sinus Surgery Device	Medical	R5-012	Daiichi Medical, Japanese leading manufacturer on ENT field, has over 60 years experience in developing and manufacturing quality medical equipment which satisfies the specialized needs of ENT professionals.	
Nippon Barrier Free Co., Ltd.	Salmon ovary membrane extracted and purified	Medical	R5-011b	<ul style="list-style-type: none"> Rich experiences with manufactures of healthy food and cosmetics since foundation in 1996 Sales results in USA, Italy, Norway, UAE, Russia, Mongolia, China, Taiwan, Korea, Hong Kong, Australia, ASEAN regions 	
	Smart Poeder System	Medical	R5-011a	<p>Powderization within a second by special airflow and autogenous grinding [Air stream fine grinding mill] & [Low-temperature drying and grinding mill] Can something like this become powder !? Tea, Grains, Beans, Vegetables, Fruits, Marine Products, Livestock Products, Food Residues, Resins, Liquids, Pastes, etc.</p>	
ERECTA International Corporation	HOT & COLD MEAL DISTRIBUTION CART	Medical	R5-002	Make patients happier with good appetite! The ideal temperature is vital even for pre-plated meals in hospital rooms. Meals served at the appropriate temperature stimulate patient appetite while also ensuring food safety. Our meal distribution carts are straightforward and effective in operations. That results in pleasure for customers as well as workers.	
LUNDAL CORPORATION	HOME CARE BEDS Examination tables	Medical	R5-007	We have been manufacturing and selling assistive equipment, especially beds with independence support philosophy, since 1984. Now we also operate nursing services, such as day services and small-scale multifunctional homes, to support the aging population.	
Nutrition Act Co., Ltd.	Medi Nutrience Supplements	Medical	R5-001a	"Be forever young and beautiful." In order to fulfill this everyone's wish, Nutrition Act Co., Ltd. , as a nutrition specialist, has pursued the methodology based on chemistry and nutrition.	
	HIF1STEM	Medical	R5-001b	Anti-aging food ingredient that activates stem cells in the body. Based on a 10 years joint research & development with public institutions and universities, the stem cells activation effects were discovered from a specific breed olive from North Africa production. It created local employments, contributes to sustainable development.	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
TAIYO CORPORATION	Wearable Surgical Lighting System	Medical	R3-016	OPELAI revolutionized the concept of surgical light by integrating both brightness of OR ceiling light and mobility of headlight with consideration for safety and comfort of surgeons, not only for use at typical operating rooms, but also in ICU, emergency vehicles, field hospital tents, etc. Our mission is to provide sufficient light for safer surgery everywhere.	
COSMOTEC CO.,LTD	Wearable Memo	Medical	R3-013	The "wemo" series is designed to keep professionals in-the-know while they are on-the-go at work. It is easy to use: simply place the "wemo" on your arm. It reduces the pressure or stress to memorize. With our special coating on the silicon material, you can write and erase as many times as you like. It is useful in a variety of situations, including medical, emergency, production lines, and logistics, cooking, shopping	 Wrap around, Write down and Erase as many times as you like
OPTIMA Inc.	Hydrogen Peroxide Vapor Bio-decontamination System PASSTECH R series	Medical	R2-071	The PASSTECH® series is the vaporized hydrogen peroxide decontamination system for the purpose of decontaminating the working environment of cleanroom facilities. The system performs 99.9999% decontamination safely and quickly, injecting high concentration hydrogen peroxide vapor carried by dry air into target space.	
Peak Corporation	NEW KIMONO Bag & Accessories	Lifestyle	R6-022	Annaj is an upcycling brand of traditional kimonos and obis, reviving the beauty of old Japan. Gorgeous & auspicious pattern will brighten your days!	
IEDGE Co.,Ltd	NEW Kids' Sunglass: delieb	Lifestyle	R6-024	People are exposed to half of their lifetime ultraviolet dose by the age of 18. This WHO information led us to create our children's sunglasses, delieb, using carefully chosen materials and sizes.	
Sankyo Fastener Co., Ltd.	NEW Custom-made fastening products	Lifestyle	R6-026	We offer YKK fastening products in small lots for prototyping at apparel factories, designers, individual customers, etc.	
Lion Rubber Co., Ltd.	RUBBER BALLOONS	Lifestyle	R6-013	Manufacturing in Vietnam with Japanese technology ! ✓ Significantly increased ballon loading rate to the printing machine ✓ Lower defect rate at the printing stage ✓ Printing and packaging in Vietnam is also possible	
J-Wa International Co.,Ltd.	craft bonsai A-BONSAI	Lifestyle	R5-042	"A-BONSAI" is handy, yet authentic craft bonsai. No maintenance, difficult knowledge or skills required. ✓ Elaborate workmanship based on traditional Edo bonsai methods. ✓ Various sizes and shapes, from cute and small ones that fit in your palm to medium-sized ones with a strong presence.	
poCoa, inc.	Wash Cloths WA·TA·BA·NA Series	Lifestyle	R5-031	No Need for Soap, skin- and earth-friendly cloths that make the most of the material's natural qualities. ✓ Chemical Free ✓ Gentle on Body ✓ Kind to Nature	

Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
freecle Inc.	Wireless Sound Collector able aid	Lifestyle	R5-033	able aid Improve hearing by focusing ears. <ul style="list-style-type: none"> •Reduce ambient noise by up to 99%* and emphasize the voice of the person in front of you •Advanced noise suppressor technology provides crystal-clear sound collection •Bluetooth connection to a smartphone for music and hands-free calls •Easy to customize the way you hear with the smartphone app 	
Nakamura Co.	WALL INTERIOR STAND	Lifestyle	R6-021	Sleek, Sturdy, and Moovable ! WALL TV stand from Japan, which has over 800 units sold, is now highly regarded and available in overseas markets, including the U.S.	
Small Island Co., Ltd.	Radio Wave Generating Mineral Liquid Seasoning	Lifestyle	R6-017	By just adding to your fryer, with Radio Waves & Mineral Power Fry Crispy, Tasty & Healthy! Save Oil Significantly!	
PROBAL Co., Ltd.	Superfood Powders	Lifestyle	R6-008	All Made in Japan ! Natural, Healthy & High Quality ! Rich in nutrients essential for maintaining health and beauty, including antioxidant anthocyanins, vitamins C and E, polyphenols, as well as vitamin B, iron, potassium, magnesium, zinc, and more. Also, the beautiful purple color is useful for coloring foods like confectionery, bread, health products, etc.	
Kitsutaka Co., Ltd.	Tatami mat	Lifestyle	R6-006	Simply place and make your room a relaxing Japanese-style space! Create a Cozy Japanese Space with Modern-Style Tatami Mats from Japan's Leading Tatami Company.	
Dainichi Corporation	Sunsun Sponge	Lifestyle	R6-004	Experience a New Standard in Dishwashing with our Long-Lasting, Premium Quality Sponge ! The Sunsun sponge's secret lies in its ideal density and texture, allowing air and water to flow well for quick lathering and drying. Made from top-quality polyurethane, it swiftly removes tough oil stains while staying hygienic, offering exceptional durability and long-lasting form.	
TSI CO.,LTD.	pet skincare product	Lifestyle	R5-035	Cute & Kawaii, Japanese Stationery Our products are popular, particularly in Asia and North America, for their attractive and high-quality designs. Indulge in the sweetness and charm by decorating your journals, notebooks, and letters to friends, and sharing your creations on Instagram and so on.	
NB Co., Ltd.	Stickers and Masking tapes	Lifestyle	R5-038	Cute & Kawaii, Japanese Stationery Our products are popular, particularly in Asia and North America, for their attractive and high-quality designs. Indulge in the sweetness and charm by decorating your journals, notebooks, and letters to friends, and sharing your creations on Instagram and so on.	
KRONGTHIP	new concept of hats SEROW RIDGE	Lifestyle	R5-030a	Hats made to absorb your sweat: A new concept of hats! Breathability x Sweat absorbency Using the breathability and comfort of our special mesh fabric, this hat absorbs any sweat that may occur on the head and forehead.

OSEWAYA Co., Ltd.	Ayatorie	Lifestyle	R5-009	"It is joyful not only to wear but also to display" – this is the concept behind my handmade accessories. I carefully design and handcraft them to capture the charm of the little world. I hope they become heartwarming additions to your life.	
VELAS Corporation LTD.	ONSENSOU	Lifestyle	R5-022	Personal care products from Japan's No.1 hot spring district, Beppu. The inspiration for the brand name ONSSENSOU is "hot spring algae." From the algae in Beppu hot springs, we discovered hot spring algae and hot spring yeast, which have curative properties such as beautifying skin and hair and relieving inflammation. Containing these extracts, the ONSSENSOU products promote healthy skin, scalp, and hair.	
Dosukoi JAPAN LLC	Bags and Home Decors made of Kimono Textiles	Lifestyle	R5-023	We transform vintage kimono, particularly obis (sashes), into bags and home decor to bring the elegance of kimono into everyday life. Kimono textiles enchant us with their auspicious motif designs that are not only gorgeous but also meaningful, such as longevity, prosperous marriage, etc. You can appreciate the beauty of kimono and the authenticity of Japanese culture in your everyday life.	
ANJU JAPAN Co., Ltd.	Beauté Rondo UV Stick	Lifestyle	R5-025	Beauté Rondo UV Sticks are sunscreens that are suitable for even the most sensitive skin. The stick format makes application and reapplication simple and mess-free. The products have a light touch without the thickness and stickiness of many sunscreens, but they are very sweat resistant. It creates an even sunscreen layer on the skin's surface with just one application. These clear sticks do not leave a white cast on the skin.	
OKAMURA FOODS CO.,LTD.	Aomori salmon	Lifestyle	R4-017	We raise salmon trout in the water around Aomori, at the northernmost tip of Japan's mainland. Thanks to the abundant natural environment with the mineral-rich water flowing from Shirakami Mountain (a world heritage site), the Tsushima current coming from the south via the Japan Ocean, and the harsh flow made by the Tsugaru channel, the sea around Aomori is perfect for farming salmon. This cold and enriched water makes our salmon trout large, firm, but ideally fatty and tasty.	
Dream Factory Inc.	At-home massage tools DOCTORAIR	Lifestyle	R5-004	Based on the idea of "healthcare innovation", DOCTORAIR takes a holistic approach to health from the perspectives of healing, exercise, and beauty. Since DOCTORAIR first launch, Cumulative shipments of the DOCTORAIR series have exceeded 6 million units, and the Gun series have reached 1 million units in Japan market!
