Tokyo Metropolitan SME Support Center supports the overseas sales promotion of this product.
Tokyo Metropolitan SME Support Center is founded by Tokyo Metropolitan Government to assist SME in Tokyo.

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
1	TAKAHASHI Co., Ltd.	NEW Industrial Food Cutting Machine MC-200B MC-350B	Manufacturing	R5-008	The MC series is a high-speed cutting machine that pursues flawless in sequential cutting. To change the length and pace of the cutting, simply touch the control panel screen. The MC series improves product efficiency on labor, time, cost, productivity, cutting accuracy, and loss.	
2	Nippon Barrier Free Co., Ltd.	NEW Smart Poeder System	Manufacturing	R5-011	Powderization within a second by special airflow and autogenous grinding [Air stream fine grinding mill] & [Low-temperature drying and grinding mill] Can something like this become powder !? Tea, Grains, Beans, Vegetables, Fruits, Marine Products, Livestock Products, Food Residues, Resins, Liquids, Pastes, etc.	
3	Karumoa Co., Ltd.	NEW Injection Cold Plasma Deodorizer	Manufacturing	R5-019	Our injection cold plasma deodorizer is practical and efficient, in its compact size, generating a large amount of active plasma with a cutting-edge electrode technique and low energy. The difference between this deodorizer and conventional ones is that it injects active plasma into emissions rather than allowing emissions to pass through deodorizers. This deodorizer has avoided contamination with dust and oil, hence decreasing the risk of fire and lowering maintenance costs.	
4	NISSIN KASEI CO., LTD.	Silver plating solutions	Manufacturing	R4-006a	Ask us anything about precious metal plating solutions. Nissinbright : Functional, high-hardness brightening agents for silver plating Ecosilver : Non-cyanide silver plating series	
5	NISSIN KASEI CO., LTD.	Insoluble Electrode ANODEC Series	Manufacturing	R4-006b	ANODEC insoluble anodes are formed by bonding platinum, iridium, ruthenium, or other platinum group metals (or oxide films) to the surface of a metallic titanium substrate. This gives them high electrochemical catalytic performance with excellent durability.	
6	SpiderPlus & Co.	Construction Site Management Software	Manufacturing	R5-014	SPIDERPLUS, created using feedback from construction sites, improves site communication and drawing/photo management in terms of quality, safety, and environmental friendliness. On your tablet, you can do anything you want.	
7	SHOWA SOKKI CORPORATION	NEW Vibration Meter & Vibration Transmitter	Manufacturing	R5-021	Since its founding in 1968 as a manufacturer specializing in vibration gages, Showa Sokki Corporation has made efforts to contribute to society's "safety and comfort" by assisting maintenance operations in preventing accidents through vibration measurement in every field such as transportation, manufacturing, engineering, medical equipment, home electronics, and architectural structures.	
8	HARDOLAS Holdings Co., Ltd.	NEW Nanomaterial Coating	Manufacturing	R5-022	Nanomaterial Coating "HardoLass" is a coating agent developed in Japan that forms an inorganic glass membrane. This coating agent reacts with moisture in the air and cures, forming a thin film at the nanometer level. The transparent nanometer-thin film does not affect the appearance or feel, and it imparts its effects by altering the surface structure.	
9	Motoda Giken Co., Ltd.	Balancer Yman	Manufacturing	R5-003	Our Yman balancers are vital on job sites where heavy goods are handled since they allow for freely handling all kinds of heavy goods, including lifting, clamping, and rotating them.	
10	Nippon Chemical Screw Co., Ltd.	Plastic Screw & Plastic Spring	Manufacturing	R5-013	Nippon Chemical Screw Co., Ltd. has been producing plastic fasteners since 1965. To meet clients' needs quickly, we control product quality and inventory by integrating our manufacturing from mold design to mass production. With over 50 years of experience and understanding, we provide various types of plastic parts, including screws.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
11	initialpoint Co., Ltd.	Multi-Factor Authentication Service JinCreek	Manufacturing	R5-017	JinCreek is a multi-factor authentication service that uses more than three verification factors and gives stronger security to shut unauthorized access out compared with conventional ID/PW authentication.	
12	HERE. Co.,Ltd.	Planning & Production of Spatial visual/Visual design contents	Manufacturing	R4-012	Multiplying diverse content such as art, space, fashion, and local culture by intellectual curiosity and the latest technology, we design "unknown spatial experience" to share the master comfortableness beyond language and generation. Spatial visual planning and production:XR (AR, VR, MR), projection mapping, dome images,stage visuals, installations. Visual design contents planning and production:Digital Signage, Music Video, Web movies, etc.	
13	Tokyo Factory, inc.	Proceed Cloud	Manufacturing	R4-018	The cloud service Proceed Cloud visualizes production status in a supply chain based on a database of production progress from on-site photos. It achieves the following	
14	TOYO AUTOMATION Co., Ltd.	Emergency shutoff system for water tanks	Manufacturing	R4-008	This system immediately closes the shutoff valve when its seismic sensor detects earthquake motion. In the event of an earthquake, water tank will maintain a specific volume of water on hand. However, it may experience unexpectedly flowing water as a result of pipe damages. Installing the system prevents the water flow.	
15	Monokoto Design Inc.	Smart lock focusing on easy key sharing	Manufacturing	R4-011	This smart lock, which focuses on key sharing functionality, is simple to operate and reasonably priced. Key management in businesses is simplified by this product. Physical presence to drop off or pick up keys, key duplication, and the possibility of keys being lost are all eliminated by this smartphone app-based access. It is simple to attach the smart lock over an existing deadbolt, eliminating the need for construction of changing locks.	
16	Qoncept, Inc.	All-in-one smartphone app for golf practice	Manufacturing	R4-007	"Golfboy" is a golf app that enables amateur players to access highly accurate, real-time data analyses on their smartphones, making practice more fun and effective for them. Just for \$10/month, Golfboy provides various useful information, including shot distance, ball and club speeds, and launch angle, as well as putting and swing form analyses from a single camera image.	
17	HERUTU ELECTRONICS CORPORATION	Pokayoke Tools	Manufacturing	R4-009	Pokayoke Tools is a group of IoT tools designed to prevent operator mistakes, such as forgetting to tighten screws or stamp, in production processes that require high quality, such as assembly processes. By combining compatible tools with our Pokayoke wireless devices (transmitter/receiver), you can use them as Pokayoke Tools. It provides reliable and steady inside wireless network coverage for 30 to 50 meters.	
18	TripodWorks CO.,LTD	MaaS Solution trimobi	Manufacturing	R4-004	trimobi is a cloud-based IoT platform to provide the services that improve daily operation efficiency by analyzing vehicle-related data collected from various sensors installed on vehicles. This results in Safe Enhancement, Work-style Reform, and Low Operating Costs. Personalized to optimize for customers' needs and requirements. Personalized to best meet the demands and specifications of the customer.	
19	Tokyo Byora Koki Co., Ltd.	High Precision Machinery Jigs and Dies made of Tungsten Carbide	Manufacturing	R4-005	Jigs and dies require frequent replacement because transfer machines that produce large volumes of small-precision parts at high speeds wear them out. But because of the exceptional wear resistance of our jigs and dies, the machines can continue to make components effectively for a very long time without needing to replace them. We are professional, especially for Micro Hole and Deep Hole Processing and Super Precision Processing.	
20	PIEZO PARTS Co.,Ltd	Corrosive Gas Monitoring System S-QTMS	Manufacturing	R4-002	S-QTMS simultaneously measures two channels of corrosive gases, humidity, and temperature. Additionally, the S-QTMS makes it possible to measure even trace gases thanks to QCM sensors. It is easy to use and install S-QTMS because it doesn't need PCs or any dedicated equipment for the measurement, and it works with an AC adapter or also 4 AA batteries.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
21	TAKASAGO CO.,LTD	HACCP Compliant Cleaning brushes	Manufacturing	R3-024	Color-coded cleaning tools prevent cross-contamination, and metal-detectable bristles reduce the risk of foreign body contamination. With such capabilities, as well as high durability and efficiency, our cleaning brushes help you meet HACCP criteria in your food processing business.	
22	SUNARROW LIMITED	Various composite parts	Manufacturing	R2-046	①To provide a parts with high-functionality (e.g. prevention of interference on radio and light) by integrating multiple different materials such as rubber, metal, fiber sheet, etc. ②To realize weight-saving and prevention of forgetting attachment by integrating multiple materials with different characteristics ③To realize the parts appearance of 3D decoration,high quality, high functionality, and high durability by integrating multiple materials	
23	Konno Corporation	Lifting Jack Model: LJ-150	Manufacturing	R3-011	LJ-150 is an integral hydraulic wedge that allows for vertical lifting or lowering of heavy items through the just 9.5mm access gap. The two safety blocks hold the object being lifted in place while changing jacks, ensuring that the operation is safe. As compared to other jacks with the similar performance, the LJ-150 is exceptionally light, weighing just 10 kg, making operations easier and requiring less workload.	
24	TDI ELECTRONICS CO., LTD.	Capacitive Sensor & Switch	Manufacturing	R3-010	We produce PET film capacitive sensors with conductive ink-printed circuit. The capacitive sensor, which measures the capacitance change between fingers and itself, is used to form touch sensors and non-contact sensors.	
25	INNOPHYS CO., LTD.	MUSCLE SUIT Every	Manufacturing	R3-012	Muscle suit "Every" is a wearing assist suit to help lightening the load on your back from work and daily labor-intensive activities. With artificial muscle operated by air pressure, "Every" helps to reduce the load at supporting people, carrying heavy items and standing in a half-sitting position, and contributes to improving the work environment and manpower shortage.	
26	UCAN Co., Ltd.	centralized air conditioning system	Manufacturing	R2-080	Ultrasonic humidifiers built into centralized A/C system such as air handling unit, all-in-one A/C system and duct, etc.	
27	Helvetia Inc.	Power Line Communication Module / Device	Manufacturing	R2-077	These products are to construct a data network using existing power lines (AC/DC) or coaxial cables.Using HD-PLC (High Definition Power Line Communication) technology, our products realize "Internet of Things" easily with just connecting sensors or control devices without new wiring, which leads to cost reductions. These are ideal for supporting several systems such as factory automation, flame detection and warning, and other various systems.	
28	Arc Geo Support Co., Ltd.	Hydrographic and Bathymetric Survey Service	Manufacturing	R2-070	Our team of licensed professionals provides high precision Hydrographic and Bathymetric Surveys using the state-of-the-art technology and our original light weight ASV (Autonomous Survey Vehicle) . This product is to conduct three-dimensional bathymetric survey especially at the shallow area even at 0.5m of water depth. We conduct not only surveys of harbor/coast/dam/river/offshore but also special measurement /underwater structure survey.	
29	Nanodax Co., Ltd	purging pellet for plastic injection machine "ecomaru"	Manufacturing	R2-064	"ecomaru" is the purging pellet for plastic injection machine, dedicated to black dot removal improvement,kneading Glass Wool. It is suitable for high quality molded plastic production.Thanks to Glass Wool which is extra fine and flexible, removes unnecessary substances physicall by the glass fibers' edges,suppressing a scratch inside plastic injection machine.	
30	TOYO YOZAI Co., Ltd.	TOYO CLEAN COPPER	Manufacturing	30-132	Antioxidant (inner surface of copper pipe) when brazing copper pipe for refrigerant. Compared to the conventional nitrogen replacement method, it enables a significant cost reduction.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
31	CAST Co., Ltd.	Power Blade fork lift attachment	Manufacturing	R2-014	Power Blade is a fork lift attachment to use your forklift as a bulldozer. It is available just by inserting the blade to a forklift claw fixed with the accessory ratchet belt. The blade being integrally molded by casting has high strength and durability and is made heavy for stability. There are two attachment types, around the 2.5 ton or 5.0 ton class, and the replacement blade is also available. So Power Blade is user friendly and economical, optimizing your workplace.	
32	Matex Co., Ltd.	LGH35 Gearhead Series	Manufacturing	R2-016	Matex, celebrating its 100th anniversary in 2020, has started producing a gearhead series by combining the long-trusted Matex planetary gear units and a simple gear case. Installing the gearhead series including our advanced manufacturing technology, you can not only reduce size and cost, but also efficiently improve the design process.	
33	Tokushu Abe Seihanjo Co. Ltd.	Tagless Pad Printing Materials	Manufacturing	R2-044	Product is a tagless pad printing materials (printing plate, silicone pads and other consumables). In place of a tag used in clothing (apparel), brand logo, material display, laundry symbol can be printed directly onto textile fabric by pad printing. Uncomfortable and discomfort feelings using a tag can be eliminated. Pad printing is one of offset printing process that 2D image on plate can be transferred onto 3D material.	
34	Hino Engineering, Inc.	Camera module MultiFlex-CAM-1080E	Manufacturing	R2-057	MultiFlex-CAM is a MIPI output mode camera module supporting the CPU board's input. It can be directly embedded in the CPU board of image processing system and utilized for various devices including face recognition, image inspection or crime prevention. Full high-definition MultiFlex-CAM has high resolution of 2 million pixels. And it is very compact in size with excellent cost performance.	
35	TSP Inc.	VIPORE (Visual Power Report)	Manufacturing	R2-045	VIPORE is the system enabling to display statistical data and graph data such as the number of people and the attributes (gender or age) as well as queues lining up in the stores or public facilities by totalizing and analyzing video information shot by AXIS camera on our cloud computing technology. You can reasonably utilize information efficiently provided by VIPORE as marketing reports or solutions for enhancing sales and revitalizing stores.	
36	SYSTEM BRAIN CORPORATION	NANO MAINTENANCE SB-101	Manufacturing	R2-029	SB-101 is a new generation sanitizer deodorant developed by our unique water ionization technology that decomposes water molecules into nano-scale particles, allowing to dissolve sodium hypochlorite in pure water. Without the chlorine odor, it maintains the bactericidal effects, even for the viruses which can't be removed by alcohol, and enables the long-term preservation. SB-101 is also harmless to the human body and prevents chapped hands.	
37	FUTA-Q, Ltd.	Bore polished special alloy nozzle	Manufacturing	R2-028	FUTA-Q nozzle and needle, instruments for inhaling and dispensing liquid/gas samples, are made of special alloy widely used for analysis device in various fields of medical, life science, environmental, and other industries in general. The nozzle and needle can apply to a small diameter pipe under 6 mm in outside diameter.	
38	HEIWA TECHNICA CO., LTD.	FINE CUT H S Series	Manufacturing	R2-019	FINE CUT series are high-speed precision cutting machines enabling to cut out sample pieces for hardness measurement, metal structure observation and welding parts observation in the QC/QA or R&D field. FINE CUT series can realize a precision cutting at any position by the XYZ movement as well as performing a repeat cutting by the X-axis movement or automatic feeding mechanism.	
39	Nihon Seikoh Giken Co.,Ltd.	Time Prism 2019	Manufacturing	R2-005	A Japanese Kaizen software tool that uses video footage in the analysis and improvement of process. In various industries, widely used as a support tool of work improvement and education.	
40	Jorudan Co., Ltd.	「HAZARD Buster」 「Mobile OA」	Manufacturing	31-041	Reports from employees and workers in wide area are collected instantly and smoothly. Employees' safety can also be confirmed at all times. <Advantages> (1) Realize centralized management, aggregation and analysis. (2) Reports from many sites are collected and centralized in the cloud. (3) Confirming the safety of employees and workers (4) Flexible customization to meet customer needs	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
41	KAMUI CO.,LTD.	LC TYPE OILCOOLER	Manufacturing	31-021	<p>"Oil cooler for cooling hydraulic oil / lubricant in hydraulic machine"</p> <p><Advantages></p> <ul style="list-style-type: none"> - By using a heat exchanger to maintain the temperature of the hydraulic fluid properly, it is possible to prevent the hydraulic fluid from deteriorating, maintain the efficiency of the hydraulic system, and extend the life of the system. - As a manufacturer of hydraulic oil coolers, we have the highest level of recognition overseas. Our products are highly reliable. 	
42	ERECTA International Corporation	NEW HOT & COLD MEAL DISTRIBUTION CART	Healthcare	R5-002	<p>Make patients happier with good appetite!</p> <p>The ideal temperature is vital even for pre-plated meals in hospital rooms. Meals served at the appropriate temperature stimulate patient appetite while also ensuring food safety. Our meal distribution carts are straightforward and effective in operations. That results in pleasure for customers as well as workers.</p>	
43	LUNDAL CORPORATION	NEW HOME CARE BEDS Examination tables	Healthcare	R5-007	<p>We have been manufacturing and selling assistive equipment, especially beds with independence support philosophy, since 1984. Now we also operate nursing services, such as day services and small-scale multifunctional homes, to support the aging population.</p>	
44	Nutrition Act Co., Ltd.	Medi Nutrience Supplements	Healthcare	R5-001a	<p>"Be forever young and beautiful." In order to fulfill this everyone's wish, Nutrition Act Co., Ltd. , as a nutrition specialist, has pursued the methodology based on chemistry and nutrition.</p>	
45	Nutrition Act Co., Ltd.	HIF1STEM	Healthcare	R5-001b	<p>Anti-aging food ingredient that activates stem cells in the body. Based on a 10 years joint research & development with public institutions and universities, the stem cells activation effects were discovered from a specific breed olive from North Africa production. It created local employments, contributes to sustainable development.</p>	
46	Uniflows Co., Ltd.	High-Performance Liquid Chromatograph e-HPLC "Kotori"	Healthcare	R2-081	<ul style="list-style-type: none"> •Space saving and light weight •Complete an analysis in only 4 minutes after power-on •Analyses with e-HPLC "Kotori" are possible in various fields including educational use in high schools •HPCL reasonably priced under 10,000 USD •A detector can be selected according to the purpose of analysis 	
47	TAIYO CORPORATION	Wearable Surgical Lighting System	Healthcare	R3-016	<p>OPELAll revolutionized the concept of surgical light by integrating both brightness of OR ceiling light and mobility of headlight with consideration for safety and comfort of surgeons, not only for use at typical operating rooms, but also in ICU, emergency vehicles, field hospital tents, etc. Our mission is to provide sufficient light for safer surgery everywhere.</p>	
48	SANYOSEIKO CO., LTD.	Pain&Sensor y Evaluation System	Healthcare	R3-009	<p>PainVision quantifies the magnitude of pain in a safe, painless, and quick by measuring the same electrical stimulus (Pain Equivalent Current) as the pain felt by the patients. Pain management, adequate diagnosis, and effective treatment planning can be facilitated by providing an objective numerical value for pain.</p>	
49	COSMOTEC CO.,LTD	Wearable Memo	Healthcare	R3-013	<p>The "wemo" series is designed to keep professionals in-the-know while they are on-the-go at work. It is easy to use: simply place the "wemo" on your arm. It reduces the pressure or stress to memorize. With our special coating on the silicon material, you can write and erase as many times as you like. It is useful in a variety of situations, including medical, emergency, production lines, and logistics, cooking, shopping</p>	 <p>Wrap around, Write down and Erase as many times as you like</p>
50	OPTIMA Inc.	Hydrogen Peroxide Vapor Bio-decontamination System PASSTECH R series	Healthcare	R2-071	<p>The PASSTECH® series is the vaporized hydrogen peroxide decontamination system for the purpose of decontaminating the working environment of cleanroom facilities. The system performs 99.9999% decontamination safely and quickly, injecting high concentration hydrogen peroxide vapor carried by dry air into target space.</p>	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
51	Hinatawada Seimitsu MFG. Co.,Ltd.	Dental Diamond Bur MARY DIA	Healthcare	R2-022	MARY DIA produced by HINATAWADA is the diamond bur for dental that has excellent strength and extremely high rotational accuracy, achieved by the unique heat processing grinding technology. As its excellent quality enable to make extra smooth tooth surface, MARY DIA is highly appreciated among dentists and odontologists widely in Japan.	
52	J-Chemical Corporation	Impermeable body bag "Ceremo Bag"	Healthcare	R2-062	Ceremo bag is an impermeable bag produced using a patented functional three-layered film which prevents viral infection by sealing in the infectious substances, including viruses, liquids, blood. It consists of the permeable inner bag and the outer bag, which is equipped with 8 handles. As it can safely contain a body, even one suspected of infection, the bereaved family is able to see their loved one off without infection risk.	
53	Shimura Precision Co., Ltd.	Metal working parts for medical devices	Healthcare	R2-023	Shimura Precision supplies precision parts for medical devices such as endoscope, laparoscope and infusion pumps. With the advanced technical capability and cutting-edge precision machineries, such as CNC machines or 3D measuring machines, Shimura Precision is able to stably supply complicated shaped parts.	
54	HOMER ION Laboratory Co., Ltd.	G-TES. General Therapeutic Electrical Stimulator	Healthcare	R2-003	G-TES, manufactured in Japan, can provide exercise substitutes such as muscle training and aerobic exercise for patients who have difficulty exercising. The products are installed in many fields such as orthopedics, rehabilitation, dialysis, ICU, or nursing care. Applicable to the whole lower limbs - Easy to use, enabling every operator to provide the same quality	
55	Taiwa Holding Co., LTD.	Recycled Plastic Pallet	Infrastructure	R5-006	The Pallet is made entirely from eco plastic, a recycled material made from recycled packaging waste mainly. It is more environmentally friendly and sustainable than conventional virgin plastic pallets, and it is also less expensive.	
56	Ecosophy Co., Ltd.	Colloidal cleaner for carpet	Infrastructure	R3-026	This is the carpet cleaner for business use in hotels, commercial facilities, buildings, airports, etc. Widely supported by cleaning companies that demand not only work efficiency (high detergency) but also the safety and security of workers. The detergency is one of the highest levels among the carpet cleaners sold in Japan.	
57	SUNWA LTD.	Stair Climber STAIR CHAIR SC6	Infrastructure	R3-023	The Stair Chair SC6, a battery-powered stair climber, assists disabled or elderly individuals in ascending and descending stairs where there are no lifts available, including historical architectures or in an emergency.	
58	C.H.C.SYSTEM CO.,LTD.	CO2 monitor	Infrastructure	R3-018	Using a high-precision optical NDIR* dual beam sensor, Marvel detects and visualizes CO2 concentration, which serves as a rough indicator of ventilation. The Marvel series meets "the Guidelines for selecting carbon dioxide concentration measuring instruments" issued by the Japanese Ministry of Economy, Trade and Industry.	
59	EXEN Corporation	Air Kocker RKV/RKD/RKVS series	Infrastructure	R2-061	Air Kocker is a machine to eliminate problems of blockage and adhesion of powder in storage facilities, such as hoppers, silos or chutes. This device can vigorously hit the wall surface of facilities by using compressed air and give an impact like hammering to prevent the contents from sticking, and is widely available from powder to granules such as cement, wheat, toner or pellets.	
60	MIRACOO CO.,LTD.	MIRACOO	Infrastructure	31-094	Just coat it and save energy. MIRACOO effectively reflects sunlight by the synergistic effect of the ceramic micro spheres and the special pigment. Improving efficiency and life of surface material by reducing air-conditioning load up to 40%.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
61	Intex Corporation	Insect Trap	Infrastructure	31-035	"Indirect lighting type LED insect trap" LED of specially coordinated wavelength which attracts insects the most improves performance of the insect trap. LED lamps can last 4 years, consequently maintenance jobs are reduced tremendously. Conventional light source of fluorescent lamp is scheduled to finish production in 2020 and LED is gradually taking over now.	
62	TAKUWA CORPORATION	Quartz-type Water Level Gauge (QS Series)	Infrastructure	31-044	Quartz-type water level gauge capable of long-term stable measurement with high accuracy. <Advantages> - Knowing the exact water level of dams and rivers enables flood prediction and accurate evacuation instructions for protecting human life and property from disasters. - The world's most accurate measurement is possible. With highest accuracy 0.01% F.S (Full Scale)	
63	Kendensha Co., Ltd.	Clean saver	Infrastructure	31-030	The Clean Saver is a separation and dehydration system designed to utilize a separable floc, created by mixing a flocculent into a liquid which contains fine particles that could not be removed by traditional screens or the KDS Separator. <Advantages> - No clogs. Reverse cleaning unnecessary. - Simple and compact design - Easy operation, Easy maintenance, Saving energy	
64	OKAMURA FOODS CO.,LTD.	NEW Aomori salmon	Lifestyle	R4-017	We raise salmon trout in the water around Aomori, at the northernmost tip of Japan's mainland. Thanks to the abundant natural environment with the mineral-rich water flowing from Shirakami Mountain (a world heritage site), the Tsushima current coming from the south via the Japan Ocean, and the harsh flow made by the Tsugaru channel, the sea around Aomori is perfect for farming salmon. This cold and enriched water makes our salmon trout large, firm, but ideally fatty and tasty.	
65	Dream Factory Inc.	At-home massage tools DOCTOR AIR	Lifestyle	R5-004	Based on the idea of "healthcare innovation", DOCTORAIR takes a holistic approach to health from the perspectives of healing, exercise, and beauty. Since DOCTORAIR first launch, Cumulative shipments of the DOCTORAIR series have exceeded 6 million units, and the Gun series have reached 1 million units in Japan market! Winning numerous design awards for its design and functional beauty with a focus on "function x material x form".	
66	ECBB Co., Ltd.	#2GO	Lifestyle	R4-010	#2GO Portable Pocket, a distinctive spill-proof holder for drinks, phones, and other small items. Its unique clip allows the pocket to be easily attached anywhere. What's more, it comes with the attached lid and strap. The lid makes the pocket securely close, and the strap turns it into a shoulder bag or a chalk sacoché. It is easy to put things in and take them out of the pocket due to its large capacity and no need to be concerned about spillage or dropping.	
67	Edith Co., Ltd.	One Stop Solution to Publish Licensed Products of Japanese Anime, Games	Lifestyle	R4-013	We are a group of content IP professionals, the majority of whom have backgrounds in the advertising industry. By leveraging content IP as well as branding and promotions, we assist you in developing excellent products and attracting customers.	
68	HITOKUCHI Inc.	Fruit Chocolate made in Japan	Lifestyle	R4-014	We are dedicated to creating products that use the best fruits from each region of Japan and then becoming a JAPAN brand that represents the country. "Hitokuchi Shiranuhi (called Sumo Citrus, Dekopon)," which achieved No. 1 Sales on Rakuten and Amazon (*1), "Hitokuchi Violette de sollies (black fig)," "Hitokuchi Hyuganatsu (citrus)," and "Hitokuchi Anzunosato (apricot)" are among our fruit chocolate products.	
69	SANCHO Corporation	Assist Walking Insole	Lifestyle	R4-015	What you can benefit from this insole is to exercise your sole muscles in day-to-day scenarios, as well as to absorb shock and support the arch which will reduce your pain and keep your body in the right posture. This insole is intended to strengthen your plantar fascia so that you can maintain proper posture in the future without using the insole.	
70	Mars-t Company Inc.	Sirius 24K sireis	Lifestyle	R4-003	The Sirius 24K series rejuvenates skin conditions such as Firmness, Moisture, Dark Spots, Dullness, and Skin Cell Turnover Cycle. The gold's antioxidant properties in the series remove free radicals, which cause skin aging, and promote the skin's natural ability to repair and regenerate itself.	

No.	Manufacturer	Product Name	Classification	No.	Product Information	Product Photo
71	Belega Co., Ltd.	CELL CURE 4T PLUS	Lifestyle	R4-001	CELL CURE 4T PLUS is a home-use facial equipment that offers four fundamental facial esthetic treatments. We produced CELL CURE 4T PLUS based on the theories and verifications we obtained while operating schools, accredited by the International Esthetic Federation, and five of our own esthetic salons.	
72	ARIKI Co., Ltd.	ARIKI Pants P2	Lifestyle	R3-025	The P2 pull-on slim pants are extremely comfortable with a sharp silhouette. They are great for any age, providing a flattering and fitted silhouette without cutting into the stomach. The polished look makes them versatile, dressed up or down. The P2 pants range includes summer and year-round options.	
73	Green Flash Co., Ltd.	RETRONOME	Lifestyle	R3-022	With the iconic metronome, which ticks a rhythm as it moves back and forth, the brand is designed to transmit stationery that evokes "those days". This season, with the growing yearning for travel and lodging, the theme is a retro hotel from Japan's Showa period.	
74	Taniguchi Chemical Co., Ltd.	Leather care Products	Lifestyle	R3-019	These leather care products are made entirely of natural extracts. For these products, we use the oil from Yezo deer, which are controlled as vermin animals and formerly discarded. Through these actions, we try to contribute to the SDGs. Needless to say, we pursue high quality.	
75	WEST VILLAGE Co., Ltd.	Single-flower vases	Lifestyle	R3-021	BRANCH and PIKE are beautiful interior decors using a popular material brass. Their sophisticated designs are delicately expressed through the Japanese craftsmanship. They are very functional, as the glass is detachable from the bar for washing. PIKE can be mounted on the wall or hung like a mobile. BRANCH has a feature that allows users to connect several units and build their own style, inspiring user's creativity.	
76	EIGHTEX INC.	Baby Care Products	Lifestyle	R3-017	For nearly half a century, we have been designing, innovating, and manufacturing baby care products with an emphasis on safety first, but also comfortability. All our products are manufactured at our factories in Japan. Our baby carriers are lightweight, simple to use, and fold up easily into accessory bags. We provide a large selection of baby items, including baby carriers, chair belts, capes, UV protection, shoulder covers, and more.	
77	HANECTION E HAYAKAWA CO., LTD.	School fashion ties and ribbons	Lifestyle	R3-015	We are a leading manufacturer of ties and ribbons. You can see our products in many Japanese TV shows (see the list above). We have proudly continued to manufacture such products for more than 90 years. Not only do we account for a large share of the Japanese school uniform market, but our products are routinely used as costumes by the media. Our authentic school ribbons will add authenticity to your JK style attire while also making it photogenic.	
78	Kenkousya, ltd	Ringless Sliding Notebook	Lifestyle	R3-014	SlideNote is designed with two functions in mind. Firstly, as a filing binder. The combination of a slide frame and metal clips fasten/unfasten paper easily and securely. Holes for rings are not required. The second use is as a notebook. Solid quality silicon covers not only protect paper but also make it easy to hold and write down while standing.	
79	CLOISTERS CO., LTD.	sunscreen series BRISA MARINA	Lifestyle	R2-008	Brisa Marina ("see breeze" in Spanish) is a sunscreen series made in Japan, formulated specially for athletes who spend long hours outside and expose themselves to the sun. These formulas are strongly water/sweat proof, and protect against the sun's harmful rays by offering broad-spectrum, SPF50+ and PA++++(except the lip balm and the cleansing sheets). In addition, Brisa Marina series contains ingredients not only to hydrate skin but also to protect from pollutants in the air.	
80	KYORAKU Co., Ltd.	Self-Venting Packaging - EASY! MICOOKER (EMC)	Lifestyle	R3-006	EASY! MiCOOKER (EMC) is a self-venting packaging series with our unique technology of steam releasing. The steam vent located on the upper part of the packaging is going to open automatically once having a certain pressure inside. All you need is just to put the packaging into a microwave. No need to open/peel the film and no worry about bursting at all. In addition, it is very hygienic because food keeps shielded until just before served. We offer the manufacturing in Japan, and in Thailand at our own factory.
