SANWA DENTAL

TEXAS HANDS-ON PROGRAM · KICKOFF MEETING

From Japanese dental craftsmanship to the American smile.

A Tokyo dental laboratory, approaching its 50th year, bringing a new class of removable prosthetics to Texas.

SANWA DENTAL CO., LTD. | Ota-ku, Tokyo, Japan | September 16, 2026

WHO WE ARE

Nearly 50 years of dental craftsmanship, built on precision, not volume.

Sanwa Dental is a Tokyo-based dental laboratory founded in 1982.
Unlike labs built around high-volume insurance work,
we have deliberately grown around **self-pay, high-precision prosthetics**
— where aesthetics, fit accuracy, material choice and design skill matter most.

This same discipline — plus early manufacturing partnerships across China, Thailand and Vietnam — is our foundation for entering the U.S. market.

> *"From dental craftsmanship to global healthcare value."*

1982
Founded — approaching our 50th anniversary

Ota-ku
Head office, Tokyo, Japan

~100
Employees

80%+
Self-pay, premium prosthetics

OUR PRODUCTS

High-value prosthetics, not commodity volume.

We are a comprehensive dental laboratory with strength in self-pay, aesthetic and digital prosthetics.

Smile Denture / Conteeth

Non-clasp removable dentures, refined for natural aesthetics.

3D Laser Titanium

Additive-manufactured metal frameworks for strength and fit.

Smile Crown / Zirconia

High-precision aesthetic crown and zirconia restorations.

Livion Digital Denture

Digital workflow denture design and fabrication.

SPOTLIGHT !!!

Conteeth

A new option between bridge, implant and denture.

- Minimal reduction of healthy teeth vs. a bridge
- No surgery required, unlike an implant
- Removable for easy home cleaning, like a denture

OUR ROADMAP

From Asia experience to Texas entry.

PAST

Asia Network

China | Thailand | Vietnam

Manufacturing partnerships, sourcing, subsidiary operation and limited domestic business in Thailand.

- Validate
- Build Network

NEXT

Texas → U.S.

FDA / Regulation | Distributors | Dental Clinics

FDA / regulation, dental clinics, distributors, and a future local corporation.

- Local Presence
- Expand

Japan's digital craftsmanship, arriving in Texas.

Our vision

Bringing Japan’s digital craftsmanship to the American smile — starting in Texas.

We look forward to partnering with dental clinics, distributors and the wider Texas dental community to bring Conteeth and our precision prosthetics to patients across the U.S.
